## INGROUND POOL RULES

- 1. Backwash System (Once Weekly). Remember to always shut off motor while moving the valve setting!!**
- 2. While vacuuming the pool, turn the main drain ball valve  $\frac{1}{2}$  the way off for the best suction.**
- 3. Backwash one more (while pump is off between backwashing add tablets to the automatic chlorinator  $\frac{3}{4}$  the way full.**
- 4. Finally shock the Pool as needed:**
  - Medium size pools for the months of:**
    - December- February ..... 1 bag every 2 weeks**
    - March –May ..... 2 bags weekly**
    - June- August..... 3-4 bags weekly**
    - September- November..... 2-3 bags weekly**

**\*\*\*For larger pools, Increase shock dosage by 1 bag\*\*\***
